- [Saving to Google Drive](#)
- [Emailing](#)
- [Printing](#)

Save Report on Terminal Server

On the Terminal Server, while viewing report results from the top Left –**File Menu**, choose **Save Row As**

And choose the desired format, you want to save your reports as, give it a meaningful File name (Please remember the location you are saving in, the example below is to Desktop).

Simple Cut & Paste to your computer

To your local PC:

- First confirm you have saved the reports to the terminal server desktop.
- You may cut this saved report to the clipboard (Right click & Cut)
- Minimize the Terminal server window to show your local PC desktop or any desired destination
- Save the document on your local PC (Right Click & PASTE)

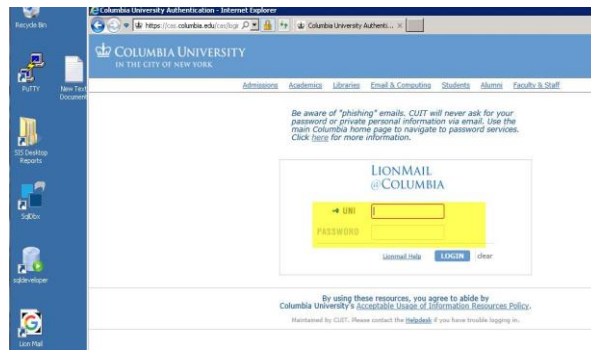

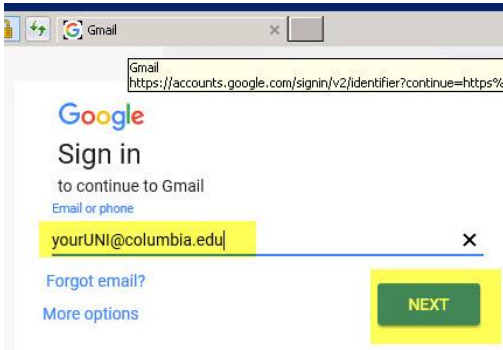

Additionally, from your own computer (You may be able to map this folder [\\c-usr\users\first letter of](#) your first Name\your uni as any available lettered drive) and use this report.
